Notice of Road Closure and Sewer Main Construction

Dear Residents,

Barrasso Excavation will begin construction of the N. Canal Street Sewer Main Project on June 29, 2026. The work area will extend from the intersection of Shackamaxon Street, past Walnut Street, to the walking trail.

Upon commencement of construction, N. Canal Street will be closed Monday through Friday from 7:00 AM to 5:00 PM. Construction is expected to last approximately two months. Limited access may be available during work hours, but delays should be expected.

If you need to leave after 7:00 AM, we recommend moving your vehicle to Shackamaxon Street before construction begins each day.

We understand this project may cause temporary inconvenience and we appreciate your patience and cooperation. If special accommodation is needed for deliveries, emergency access, mobility needs, or other circumstances, please contact us. We will do our best to work with you and provide reasonable accommodation whenever possible.

Thank you for your understanding as we complete these important infrastructure improvements for the community.

Sincerely,

Barrasso Excavation, Inc.
